**ADDITIONAL INFO:** Join the Italian Olympic Champions in this incredible opportunity brought to Orlando by Sword Masters Club and AAU Fencing!

Train with the best fencers Italy has to offers and improve your skill to become th best version of yourself.

It is not every day that fencers have the privilege of learning from Olympic athletes, and even fencing with them! The “Future Champions” Spring Camp/SMC “Fencing with the Olympiads” was created for athletes who want to significantly improve their fencing skills, regardless of their level.

There is no better way to improve than to learn from someone who has already achieved it. 2x times World Champion and Olympic Silver Medalist Paolo Pizzo, FCC Junior Staff member and FCC Team Manager Kosmas Karakolis will work with the athletes as a group and individually to help them enhance their general and specific fencing skills. From drills to tactics and even private lessons, the entire curriculum of this camp was designed to meet the highest standards of Olympic-level training.

Athletes enrolled in this camp will receive free entry to the SMC “Fencing with the Olympiads” tournament, which will take place the day before the camp starts.
